Red Patch Lead (300mm)

The Red Patch Lead's are used of patching a Data service to a panel within the HNS swing frame which in turn supplies the desired room with a Data service. A standard RJ45 connector is terminated on either end of the Cat 5e cable, measuring 300mm in length.

Specifications:

- ISO/TIA standards compliant
- Red sheath for service type identification
- Feature pr-terminated RJ45 connector on either end
- Integrated retention clip on connectors
- Length 300mm

Subject to design changes. 04/06
